

Quality Policy

The Colibri Quality Policy is a pledge to our customers:

Colibri is committed to ongoing quality assurance activities specific to establishing, maintaining, updating and improving all systems and processes associated with our products including R&D, production, customer relations and service.

Colibri employs a highly skilled professional workforce knowledgeable of world-class manufacturing and quality processes and operating in strict compliance with international quality standards.

Internal and external audits, evaluation and adjustment of Colibri processes takes place on a regular basis, whereby quality directives are implemented and improved upon using predictive as well as preventive measures.
